## POTOMAC BACKWATER FLOODS ALEXANDRIA

### Southeastern Wind Sends River Over Railroad Tracks. Damage Slight.

ALEXANDRIA, June 15.—A strong southeastern wind last night and this morning backed the water of the Potomac over the river front and well up into Union street. At 5 o'clock the river was over the railroad tracks and had reached the west curb of Union street, when it commenced to recede. A number of buildings on the strand were flooded, but no great damage was caused.

Bids from twelve contractors, ranging from \$1,193.75, the highest, to \$600, the lowest, for the construction of the new Alexandria Hospital, at Washington and Duke streets, were opened last night at a meeting of the building committee of the Alexandria Hospital, in the rooms of the Chamber of Commerce.

All the bids, with the changes suggested by the bidders, were referred to the architect, Waddy Wood, of Washington, who was requested to report thereon.

The finance committee of the building fund was instructed immediately to begin a collection campaign to make available the \$4,000 pledged by citizens during the campaign of May, 1914.

The first annual recital of the piano pupils of Miss Beattie A. Marks was held last night in the young people's building.

The board of supervisors of Alexandria county have obtained a modification of the toll charges for telephone service between Alexandria and points in Alexandria county. The charge is now 10 cents for a three-minute call and under the new rates the two-number system will be put in effect, with the result that any one making a call to any point in Alexandria county served by the Rosslyn Central office, embracing Rosslyn, Clarendon, Alexandria County Court House, and other points, and asking for a number instead of a particular person will only be charged 10 cents for a five-minute call. The board of supervisors were represented in the negotiation by Attorney G. Washington Lewis, of this city, and Frank L. Ball, Commonwealth attorney, of Alexandria county.

Representative Charles C. Carlin, will have no opposition in his own party in his race for re-election to Congress, as he yesterday was declared to be the nominee of the party by the Eighth district Congressional committee, which met here yesterday afternoon. Attending the meeting were Raleigh T. Green, of Culpeper, chairman; Major R. A. McIntyre, of Fauquier, secretary; John J. Edson, of Fairfax; R. C. L. Moncreux, of Stafford, and Gardner L. Booth, of this city. The committee passed a resolution congratulating Carlin upon his record.

## C. & P. TO TAKE OVER PHONE COMPANIES

### Negotiations Pending for Acquisition of Virginia Corporations by Local Concern.

Negotiations looking to the acquisition by the Chesapeake and Potomac Telephone Company, of the Falls Church Telephone and Telegraph Company and the Leesburg Telephone Company, Virginia corporations operating in Alexandria, Fairfax and Loudoun counties, have been under way for several weeks, and probably will be favorably concluded within ten days.

Both of the companies have been connected with the Chesapeake and Potomac Telephone Company for several years and their interests have been closely affiliated. Their acquisition would

add at once about 2,000 new subscribers to the Chesapeake and Potomac, and material improvements and extensions are planned should the deal be carried through.

M. E. Church, of Falls Church, is the owner of the Falls Church Company, and is largely interested in the Leesburg company, which is a stock corporation.

D. S. Porter, division manager of the Chesapeake and Potomac Company, today said that the negotiations were under way, but added that he could make no comment on what would be done with the properties until the contracts of sale should be actually signed.
